Ken,

I am in the process of finalizing the PSR and Addendum for Dr. Black. I will have it to you tomorrow morning. I wanted to give you a heads up that, after much discussion in our office, the final PSR will use the higher guideline of 2C1.1. I wanted to give you as much notice as possible. However, I have taken the upward adjustment for role out of the final PSR.

Please call me if you have questions.

Respectfully,
