

MEMORANDUM

TO: Chairwoman Carolyn Coleman
FROM: Commissioner Billy Yow
DATE: October 13, 2006
SUBJECT: Special Meeting on Manager

I am disappointed that you have set a special meeting for the County Manager search on October 24th. At our last Board meeting, the Board officially voted to hold off on meeting for the search until after the next election because several Commissioners indicated that they had conflicts because of the business or personal matters in the next few weeks and would not be able to meet until November or later. We have rescheduled or cancelled numerous meetings in the past to accommodate Commissioners schedules so I don't understand why a meeting would be scheduled that is directly in conflict with a number of Commissioners established plans. Also, it is my understanding that you scheduled this meeting without first consulting with the Vice Chairman or obtaining six firm votes from the rest of the Board. I would ask that you to cancel this meeting and wait until the next regular Board meeting to vote on a date that all Commissioners can attend to choose the finalists for the County Manager. Thank you.
