

**VOTE    VOTE    VOTE    VOTE**

We are your **George C. Simkins Jr. Memorial Political Action Committee**, formally known as the "**Citizens Committee**". The "**Citizens Committee**" was founded in the early 1960's to "give 'our' community a voice". Dr. George Evans, Mr. Vance Chavis, Rev. Otis Hairston, Atty. Henry Frye and Dr. George Simkins, were among the founders. For more than 40 years the "Citizens Committee" has worked for equal rights and justice in our community.

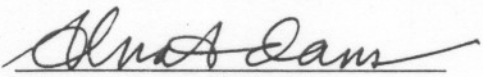

**We were there** to force the issue **when you needed** voter registration, **when you needed** access to hospitals, public libraries, tennis courts, golf courses, swimming pools, public schools and restaurants.

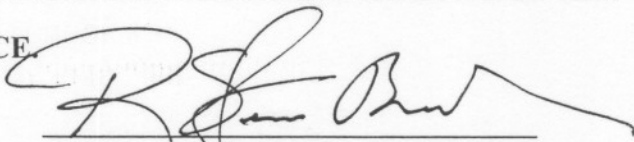

**We were there** when you needed a **District System** to assure **African American** representation in city government, and we **are still here in 2005** researching the candidates so that you can know which candidates have your best interest at heart.

**IT IS URGENT THAT WE VOTE** to protect our Community and advance the causes of Justice and fairness. These persons are highly likely to conduct Government business equal for all the citizens of Guilford County.
